**Re: BMN's Lower Elementary Program**

Hello Current and Future Bee Montessori Niagara Families (BMN),

 publicdomainvectors.org

Thank you for your interest in BMN's Lower Elementary Program! We are excited to grow with our amazing school community.

In regards to your inquiry, please see the below Q and A:

**1. What will this program look like?**

In keeping with the Montessori philosophy, we will have a mixed age group of children in Grades 1 through 3 all in one class (similar to how the Casa class has a three year mixed age grouping). The children will be taught using both the Montessori materials and curriculum; please note that this curriculum meets or/and exceeds current standards for the Ontario public school curriculum.

**2. Where will the program take place?**

This Lower Elementary program will run out of our Portage Road location (3428 Portage Road Niagara Falls, ON).

**3. What will tuition cost?**

We are still working on solidifying a tuition schedule for this program. What we can share at the moment is that the approximate cost of tuition will likely be within the range of the Casa tuition (prior to CWELCC) or slightly above.

**4. When will the program start?**

We are anticipating opening our Elementary program up to our families in January of 2025!

**5. Will extended hours be offered?**

Yes! (Hours TBD)

**6. Information Session**

In the future, we will be hosting an information session for families interested in enrolling their child(ren) in our Lower Elementary program.

We thank you in advance for your time and patience as we work diligently to get this new program under way!

In the meanwhile, should you have any further questions, please do not hesitate to reach out to our Administrative Team via phone (905-371-2050 ext. 21) or email ([info@beemontessori.ca](mailto:info@beemontessori.ca)).

Kind Regards,

The Bee Montessori Niagara Admin Team
